What are you most looking forward to? (tick as many as are applicable)

 Copiar

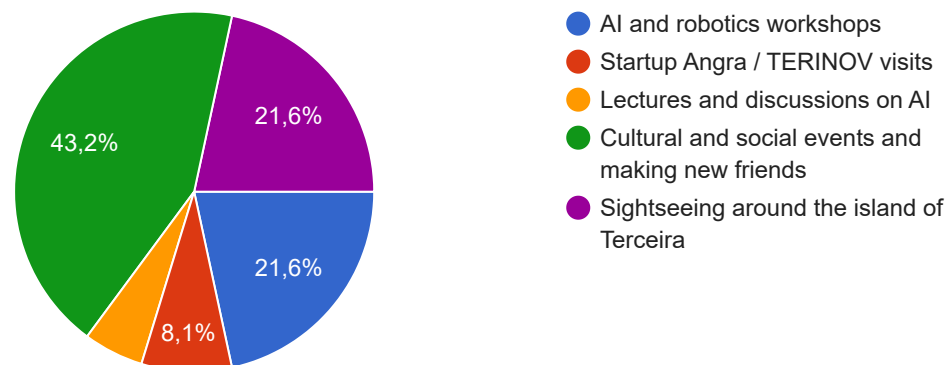

37 respuestas

Which activity are you most excited about?

 Copiar

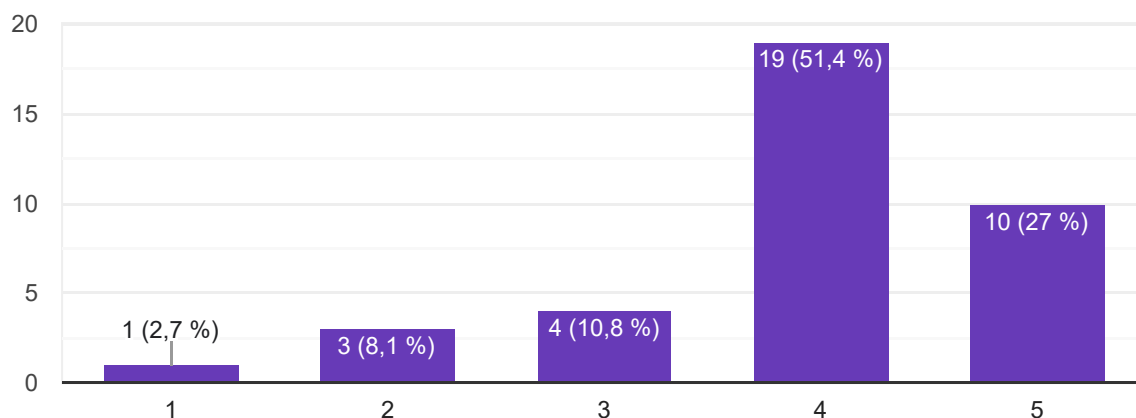

37 respuestas

How interested are you in the topic of Artificial Intelligence (AI)?

 Copiar

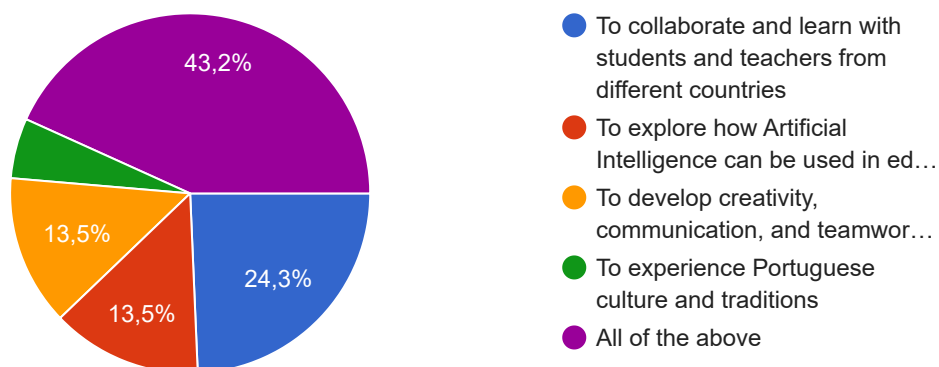

37 respuestas

What do you think is the main purpose of this LTTA in Portugal?

 Copiar

37 respuestas

What skills or knowledge do you hope to gain during the week?

37 respuestas

computer knowledge

Learn about robotics and AI

To learn more about ai.

I hope I will gain more knowledge about Artificial Intelligence and its use in everyday life.

Something about Portugal and culture

Learn more about AI and know the future of it

programming skills

Improve my English, being more capable about AI issues, social skills, learn more about Ai in daylife, jidbs opportunitiesnans safety.

Knowledge about Ai and programmation and robotiv

Meet new people, know about Portuguese culture, practice my English, communication with people from other countries, know more about AI

Social skills and knowledge about AI

I hope to learn some Portuguese words and something new about AI.

More knowledge about projects involving AI

No lo se

How to create MOOC on AI, how to work efficently as a teacher with the help of AI

Creat a video

I want to be better at using AI.

I hope to learn more about AI and possibly improve my English

I hope to meet new friends, improve my English, and deepen my knowledge of AI.

Knowing more deeply AI issues. Knowing different educational systems. Knowing cultural aspects about Azores and Terceira island

Learn more about AI in education

Speak English better and learn about cultures from another country

Learn more.

about making a MOOC

How to use artificial intelligence.

Breaks

More Social Skills and Team Work

Sociability and the impact of IA on the earth

develop creativity, communication, and teamwork skills

I hope to learn more about how AI can contribute to a sustainable world. I also hope to gain cultural knowledge of the Azores and Portuguese culture.

Learn more

Learning about IA and portuguese culture.

Technical and creative skills in the field of AI, teamwork, getting to know Portuguese culture.

Robotics programming

In Portugal I could learn how artificial intelligence works and also visit the country, right?
You're standing up.

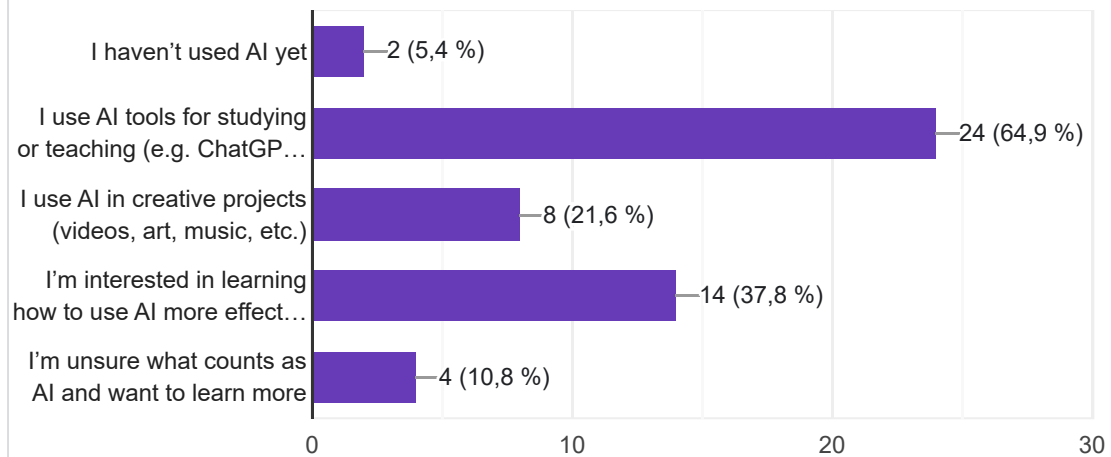

How to use AI in special education

To Know different cultures and people

How do you currently use or interact with Artificial Intelligence (AI)?

What are your overall expectations for this mobility week in Portugal?

37 respuestas

lots of fun

Discover the island and people on it. Improve my english

I hope that i will make some friends and learn more about ai.

I am expecting fun activitis and workshops! I would like to learn more about AI and also about Portugal.

I hope for the best

My expectations are high and I hope to learn more about AI and haw it will affect my future

It will be fun and you'll learn a lot of things.

Enjoy while learning

Learn more about AI and meet and work together

Learn more things about AI and meet new people

Learning about ai and socialising

I expect it to be great and I'll learn a lot.

I don't know

Divertirme

To have a pleasant week

It was wonderfull

I think it will be a very interesting and fun week.

I hope to learn new things about AI, improve my English level, sympathize with my correspondent and visit the island

Improve my English, meet new people, and learn new things about AI

Knowing more about AI and educaton issues and enjoy with teachers and students with this experience

To learn, to meet, to have fun

I Hope learn and know news peoples and practice English whit them

Meet new people.

A nice week of learning about new things and meeting new and old friends

Learn more about artificial intelligence, make new friends.

Goods

To learn more about AI and Make New friends

To discover a new place and new ways of thinkinf

Relax, learn, explore

Expectations are high and I am very excited to experience the culture and different teaching styles and practices of Portuguese schools.

Meet New people

Knowing teachers experience using IA

I expect that I will learn something practical and useful that will be useful in my future work and I will meet new people.

This week is going to be spectacular.

I'm looking forward to discovering AI and enjoying it in Portugal.

N/A

To Know New friends

What was the most valuable thing you learned about Artificial Intelligence (AI) during LTTA3 in Portugal?

23 respuestas

Everything

The video activity

Pros and cons

Bias

I don't know

New approaches to AI issues (safety, entrepreneurship, philosophy...), meeting new people, share great experiences, new learning in robotics.

Possibilities of AI, growth capacity

To learn doing avatar with AI

The LTTA3 has taught me that AI is very valuable for any kind of work

I learned the dangers

As suas funções

How AI is used in daily life and in starting up the business

About Data Center

Make videos and program with AI.

The limitations of AI currently and how we must be safe and protect our data

I'm not too sure. Most of what we heard I already had heard when I went to Croatia.

Avatar activity

AI is not infallible.

how AI can be a creative partner in solving problems, but human supervision and critical thinking are essential

The most valuable thing I learned about AI during LTTA3 in Portugal was how powerfully it can enhance creativity and problem-solving when people and technology work together.

Que la IA nos ayuda a crear cosas que necesites

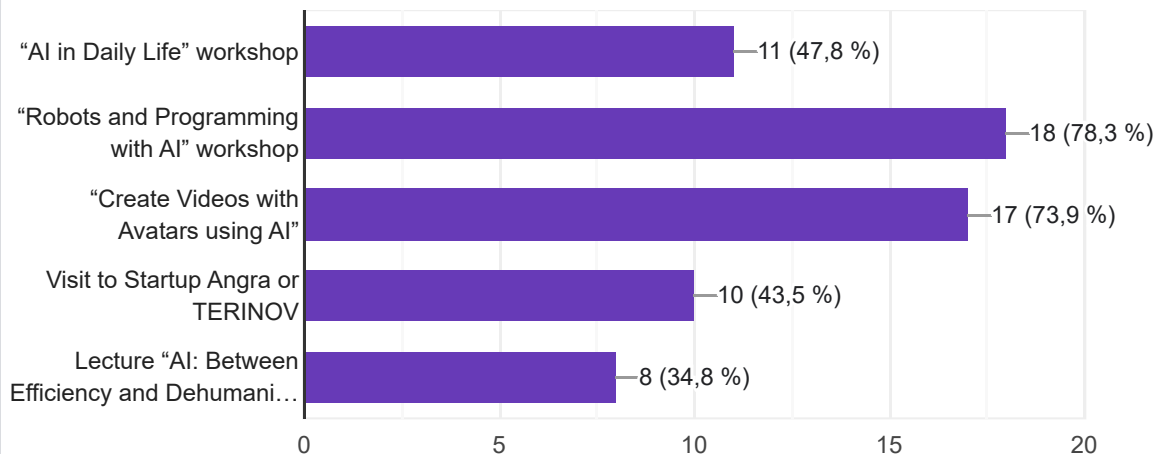

Creating avatars to use in my lessons so that they become more engaging and interesting for my students.

Sharing experience

Which AI activities or sessions did you enjoy? (You can choose more than one)

23 respuestas

Did you learn or experience what you had hoped for after the LTTA in Portugal?

 Copiar

23 respuestas

What was your favorite cultural or social experience in Portugal?

Examples: *sightseeing tour, meeting Portuguese students, visiting Angra, local food, etc.*

23 respuestas

Sightseeing

Meeting teachers and students

Local food, visiting Terinov, meeting participants

Sightseeing Tour

it was the tourist visit

Sightseen tour around de island, walking through streets, social meetings in Angra house, local food.

Gastronomy, visit Angra and surroundings, meeting new techers and other people

Portugese food and atmosphere of the island

Bus tour through the island, visita Angra, local food, meet my family, activities with my family, learn new things about AI

Food

Gastronomia local

sightseeing, local food

Terinov

Sightseeing of the island and meeting with Portuguese students.

The beautiful hills and food and people

Sightseeing

Meeting with Portuguese students

Meeting new people

meeting Portuguese students and visiting Angra

sightseeing tour

Botanic garden and know other peoples

Sharing experiences with colleagues, as well as the very pleasant interaction with partners from the other participating countries, has been truly enriching.

Spending time with colleagues, enjoy in the natural beauty of Azores

What skills, ideas, or practices will you bring back to your school from this LTTA?

23 respostas

Every one

Making videos activity with robots

How to motivate student with AI videos

The use of robots and programming

pretty much everything I understood or remembered

More knowledge about IA and technology in other fields, more sociability, more knowledge about holding a LTTA with students.

Robotics programming, avatars making, Use of IA on startups

Avatar for interactive content

I can teach my friends to make avatars, and share with them all my experiencea in the island

Many things

A segurança e importância da IA

some new possible use of AI in bussiness and some new AI apps that are very useful to teachers

Do apps

I will teach my friends about programming and everything new I learned about AI.

Ai video and avatar creation

None

More skills in using and understanding AI, and I will also have improved my English.

I have new ideas to convince people to use less AI.

How to use it to make videos with avatars and program robots, and where we can find it in everyday life

I will bring back practical skills in using AI tools for learning, new ideas for creative digital projects, and collaborative practices that help students work together more effectively.

Que la IA nos ayuda a crear cosas que necesitamos

Creating avatars and videos to use in my lessons.

Lozs of them
